Re: Rate Increase effective Monday, March 3, 2025

Dear Clients, Cove Members and Friends,

Whew.... It's been a journey! Jeff and I (Cori) have enjoyed owning the spa and getting to know so many of you over the last year and a half. We are so grateful for your support and look forward to many more years of serving the Cove community.

One of the goals Jeff and I set as new owners was continuity... continuity of therapists, continuity of services, continuity of ambience, and of course, continuity of prices. In some ways we excelled and in others, well, we learned some great lessons 😊 Hopefully all of the changes we have put in place have helped to create a space that is inviting and relaxing.

One of the biggest hurdles we have faced is trying to maintain the same pricing structure while the costs have been climbing. Unfortunately, we are no longer in a position to keep the same prices. So while we know that hearing that yet another business is raising prices is not what you want to hear, we hope you understand that we have truly waited as long as possible to go down this road, and we sincerely hope this increase will not prevent you from meeting your self-care needs.

With that in mind, our new menu of services and corresponding prices is below. These changes are effective Monday, March 3, 2025.

Massages

25 minute.....\$60

50 minute.....\$100

80 minute.....\$150

100 minute...\$200

* All enhancements (CBD & Hot Stones) and specialty massages (Deep Tissue, Cupping, Lymphatic Drainage, & Trager Approach) will remain at a \$20 add-on to the service.

Body Treatments

Salt Scrub.....\$125

Body Wrap....\$125

You will notice we have removed all facials from our services. At this point in time, it is not a viable part of our business, as the costs are simply too high to spread over the limited number of facials given.

Thank you again for your understanding and support. We look forward to continue giving you great service at Spa Oasis at the Cove.
